

SELF CLEAN filter bag SC-FIS-CT MINI/MIDI-2/5/CT15

for CT MINI, CT MINI I, CT MIDI and CT MIDI I manufactured from 2019 onwards, CTC MINI/MIDI and CT 15

Order number 204308

Functions

Work cleanly and healthily.

High-quality non-woven filter bag, cleans dust deposits inside the filter bag automatically. Switching on the mobile dust extractor puffs up the SELF CLEAN filter bag. Switching off the mobile dust extractor collapses the bag, removing dust deposits inside the SELF CLEAN filter bag. For longer cleanliness and consequently a more sustained high suction power. This enables work to be carried out efficiently, cleanly and systematically and reduces hazards to health.

- Quick and easy disposal of class L and M dust
- Ideal for use with CT MINI and CT MIDI from YOM 2019 onwards
- optimum utilisation of filter bag capacity and consistently high suction power thanks to SELF CLEAN filter bag
- FSC™-certified

Product details

SC-FIS-CT MINI/MIDI-2/5/CT15

- Work dust-free

Independently cleans away dust deposits in the filter bag and ensures constant optimum suction power.

- Responsible forest management

The cellulose originates from sustainable forest management and other controlled sources. It therefore bears the Forest Stewardship Council™ (FSC™) seal, which means that all stages along the supply chain are FSC-certified.

Usage

Main applications

- For a clean working environment and dust-free disposal of class L and M dust
