

Skipper unit

Product code: Skipper01

Overview

Skipper is the unique way to cordon off any area, creating safer environments with high visibility retractable 9m tape.

Skipper simply clicks on top of traffic cones or its own unique Post & Base System. Skipper saves you time, storage space and money, paying for itself in months over throw away barrier tape.

Key selling points

- The cheapest barrier per metre on the market
- Built for purpose
- Robust and durable
- Light weight and easy to store
- Pays for itself in months when used every other day

Key features

- Locking button to prevent unwanted spooling of tape
- Contains 9m of high visibility, retractable tape
- Tape end clip can wrap around pillars and attach to itself

Product Specifications

Width: 145mm **Height:** 240mm

Product FAQs

Q. What is the retractable tape made from?

A. The tape is made from a PU coated polyester (UVA rating 6+)

Q. Can I get it in a different colour?

A. Yes. Skipper is available in orange, red, silver, green blue and yellow. It's also available with different tape styles. See the customisation page of this document for more information

Q. Can I get a Skipper unit without the tape?

A. Yes. If you just want to connect a tape end clip to a Skipper unit, you can buy a Dummy unit (see page 17)
