STANLEY® FATMAX® Auto-Lock 8M (32mm Wide) Tape Measure

<

>

How can we help?

BLADE LENGTH: 8 metre blade length.

BRIGHT YELLOW EASY TO READ BLADE: 32mm blade width for clear and legible markings.

AUTO-LOCK MECHANISM: Automatically holds the blade secure, preventing uncontrolled retraction, until you are ready to release it.

Product Overview

FATMAX® 8m Autolock tape

Additional Features

DURABLE BLADE WITH BLADEARMOR®: Abrasion resistant polyester film coated blade coating provides up to 10 times more resistance to abrasion than a standard lacquered blade, increasing the life of the tape and reducing wear on most heavily used sections of the blade.

BLADEARMOR™ COATING: Reinforcing the first 7.5cm of the blade, the section most vulnerable to wear.

TRU-ZERO™ HOOK: For precise inner and outer measurements, moving back and forth along the securing rivets to account for the hook thickness.

MULTI-CATCH HOOK: Slightly larger than a conventional hook and protruding on all edges - shaped to hook onto building materials with ease above, below and to either side, making for hassle-free regular measurements, side measurements and even overhead measurements.

DETACHABLE MAGNETIC HOOK: Included for added convenience when measuring metallic objects.

PORTABILITY: Secure to a belt, pocket, or waistband for improved portability using the integral belt clip.

CLASS II ACCURACY: suitable for the majority of professionals, providing a reassuring +/-0,5mm error tolerance at 1m.

EASY TO READ BLADE: Bright yellow, easy-to-read blade.
