Warranty	1 year, on site parts & labour
ERP Rating	A
Additional Information	Uses bare-wire technology for fast and economic heat up

Installation Requirements

The Instantaneous water heater must be installed, commissioned and maintained by a competent installer who will then be responsible for adhering to all relevant standards and regulations. The appliance must be permanently connected to the supply through an isolating switch with a contact separation of at least 3mm in all poles and be protected by a suitably rated RCD.
