

SecureConnect enabled Scantronic kits

Multiple communication options

All with built-in Ethernet port and optional PSTN, GSM and 4G plug on modules allowing you to tailor installations to the property's needs.

SecureConnect™ Cloud and App

Control and monitor all panels through the cloud 24/7 anytime anywhere across multiple locations. Provide your customers with a secure App for convenient control of their system ensuring peace of mind.

i-on Compact

The i-on Compact is a starter-level security panel that brings next-generation cloud capabilities to residential and small commercial properties. The wireless intruder panel, with built-in keypad, offers up to 20 radio zones and can be programmed, managed and serviced remotely by installers via SecureConnect™.

Built with cyber security in its DNA the i-on Compact is SecureConnect™ Cloud and App enabled.
