

MPN: NL8806WA

Product Name: 5-250W White Complete LED Load Grid Switch Dimmer With Adaptor Kit

Brand: Newlec

Category: Modular & Grid

Product Description: The Newlec single grid spaced dimmer is specifically designed to control LED lamps (must be dimmable to begin with). This dimmer switch gives people the choice of how well lit up a particular room can be, with an adjustable minimum level. Installations must satisfy the minimum load on the dimmer being used and be in line with any requirements or maximum number of lamps suitable for dimming with any one dimmer.

Key Features:

- BS EN55014, BS EN50082 & BS EN60669
