

MPN: NLMEB151580KX

Product Name: 150 x 150 x 80mm Light Grey Steel IP66 Weatherproof RAL703 Junction Box

Brand: Newlec

Category: Junction Boxes Metal

Product Description: The NLMEB151580KX is a robust and weatherproof junction box designed to provide reliable protection for electrical connections in outdoor and industrial environments. Its compact 150 x 150 x 80mm dimensions make it suitable for a wide range of applications, while the steel sheet enclosure and all-round foamed-in PU cover seal ensure durability and weather resistance. The opal polycarbonate cover allows for easy inspection of internal components, and the light grey RAL7035 colour provides a professional and discreet appearance.

Key Features:

- Protection category IP66 for reliable weatherproofing
- Durable steel sheet enclosure for long-term use in harsh environments
- All-round foamed-in PU cover seal for enhanced weather resistance
- Opal polycarbonate cover for easy inspection of internal components
- Professional light grey RAL7035 colour for a discreet appearance

Specifications:

- Dimensions: 150 x 150 x 80mm
- Material: Steel sheet enclosure, polycarbonate cover
- Colour: RAL7035
- Protection Category: IP66

ETIM Class-9.0: Surface mounted box/housing (EC002600)

Applications:

- Suitable for outdoor and industrial electrical connections
- Ideal for use in harsh environments requiring weatherproof junction boxes
