

MPN: NLMELOCKAX

Product Name: Keyed Lock Assembly Only for Enclosure Weatherproof Steel

Brand: Newlec

Category: Wall Mount Steel Enclosures

Product Description: Protect your equipment from unauthorised use with this lock. When installed on your enclosure, it keeps your sensitive items protected against tampering, helping to ensure workplace safety. This device comes supplied with two keys, which means you have a spare available to give to an additional keyholder. Thanks to its compact length of 40mm, you can install this component with ease in areas where space is limited.

Key Features:

- Front mounting style for simple and secure installation
- Light weight of 60g means it will place minimal strain on your enclosure
- SZ Semi-cylinder for handle systems, lock-insert locking
- Length 40 mm

Specifications:

- Material: Steel
- Weight: 60g
- Length: 40mm

ETIM Class-9.0: Insert for lock system (EC000743)

Applications:

- Suitable for wall mount steel enclosures
- Ideal for securing sensitive equipment from unauthorized access
