

MPN: NLSW32DC

Product Name: 32A IP65 TP+N DC Rated Rotary Switch Disconnecter

Brand: Newlec

Category: Enclosed Rotary Isolator

Product Description: The NLSW32DC is a robust and reliable 32A IP65 TP+N DC rated rotary switch disconnecter designed for use in demanding environments. Its durable polycarbonate enclosure is UV resistant, providing protection against harsh weather conditions. The switch is pad lockable in the OFF position, allowing for added security with the capability to accommodate up to 3 padlocks. With 4 x M20 cable entries, this switch disconnecter offers flexibility in installation and is suitable for a wide range of applications.

Key Features:

- Pad lockable in the OFF position for added security (For up to 3 padlocks)
 - 4 x M20 cable entries for versatile installation
 - Robust polycarbonate enclosure / UV resistant for durability in harsh environments
 - Switch rated at 1000V for reliable performance
-

Specifications:

- Rated current: 32A
- IP Rating: IP65
- Number of Poles: TP+N
- Rated Voltage: DC
- Material: Polycarbonate
- Number of cable entries: 4 x M20
- Maximum Voltage Rating: 1000V

ETIM Class-9.0: Switch disconnecter / isolator (EC000216)

ETIM Features:

- Rated permanent current Iu (A): 32
- Type of control element: Rocker (EV000200)

Applications:

- Suitable for use in industrial, commercial, and residential applications where a reliable and durable rotary switch disconnecter is required.
