

MPN: NLCPBRJ45

Product Name: 22mm IP65 Ethernet Push Button Outlet

Brand: Newlec

Category: Pushbuttons

Product Description: The NLCPBRJ45 is a high-quality 22mm IP65 Ethernet Push Button Outlet designed to meet the demands of industrial environments. It provides a reliable and secure connection for Ethernet applications, ensuring optimal performance and durability. With its robust construction and advanced features, this product is an ideal choice for industrial automation and control systems.

Key Features:

- Manufactured in accordance with EN60947-5-1 standards
- Contact resistance of 20mΩ
- Current carrying capacity of 1A at 50°C
- Dielectric strength (Contact/Shield) of 1500V DC
- Insulation resistance of 500MΩ
- Speed of 10Gbit/s
- Metal body ensures magnetic radiation immunity

ETIM Class-9.0: Modular connector (EC001121)

ETIM Features:

- Type of connector: RJ45 8(8) (EV000013)
- Colour: Black (EV000206)

Applications:

- Industrial automation and control systems
- Ethernet connectivity in harsh environments
- Machinery and equipment requiring reliable Ethernet connections
