

MPN: NLCPBUSB

Product Name: 22mm IP65 USB 3.0 Push Button Outlet

Brand: Newlec

Category: Pushbuttons

Product Description: The NLCPBUSB is a 22mm IP65 USB 3.0 Push Button Outlet designed to provide convenient and reliable USB connectivity in industrial and commercial environments. This durable and robust push button outlet is manufactured in accordance with EN60947-5-1 and EN60947-5-5 standards, where applicable, ensuring high-quality performance and safety. With an IP65 rating when correctly installed, it offers protection against dust and water ingress, making it suitable for use in challenging conditions. The contact resistance of 50 mOhm ensures efficient electrical connectivity, while its compatibility with USB 3.0 and USB 2.0 devices makes it versatile for various applications. The NLCPBUSB is designed to withstand operation temperatures ranging from -20°C to +80°C, making it suitable for a wide range of operating environments.

Key Features:

- Manufactured in accordance with EN60947-5-1, EN60947-5-5 where applicable
- IP65 rated (when correctly installed)
- Contact resistance 50 mOhm
- Operation Temperature -20/+80°C
- USB 3.0/USB 2.0 – compatible

Specifications:

- Size: 22mm
- IP Rating: IP65
- USB Compatibility: USB 3.0/USB 2.0
- Operating Temperature: -20°C to +80°C
- Standards: EN60947-5-1, EN60947-5-5

ETIM Class-9.0: USB modular sockets (EC002949)

Applications:

- Industrial control panels
- Machinery and equipment
- Commercial and public spaces
- Outdoor installations
