

**MPN:** NLMB12G

**Product Name:** 25mm 4 Way Malleable Galvanised Steel X/Intersection Box

**Brand:** Newlec

**Category:** Steel Conduit

---

**Product Description:** The NLMB12G is a 25mm 4 Way Malleable Galvanised Steel X/Intersection Box designed to house and protect electrical cables. It is compliant to London Underground (LU) Standard 1-085 for use on surface and sub-surface locations. Manufactured in accordance with BS EN 61386-1:2008+A1:2019, this junction box is specifically designed to accept 25mm steel conduit tubes, providing a reliable solution for cable management in various applications.

---

**Key Features:**

- Compliant to London Underground (LU) Standard 1-085 (for use on surface and sub-surface locations)
- Manufactured in accordance with BS EN 61386-1:2008+A1:2019
- Designed to accept 25mm steel conduit tube
- Used to house and protect electrical cables

---

**ETIM Class-9.0:** Flush mounted box/housing (EC002601)**ETIM Features:**

- Model: 4-fold (EV000196)
- For conduit/tube diameter: 25 mm (EV006986)
- Material: Steel (EV000179)

---

**Applications:** The NLMB12G is suitable for use in a wide range of applications where reliable cable management and protection are required, including commercial, industrial, and infrastructure projects.
