

MPN: NLLP1G

Product Name: Galvanised Steel 1 Hole Loop In Box

Brand: Newlec

Category: Steel Conduit

Product Description: The Galvanised Steel 1 Hole Loop In Box by Newlec is a robust and reliable solution for electrical conduit installations. This product is designed to provide secure support for conduit runs, ensuring safety and durability in various applications.

Key Features:

- Compliant to London Underground (LU) Standard 1-085 for use on surface and sub-surface locations
 - Compliant to BS EN 61386-1: 2008
 - Durable galvanised steel construction
 - Suitable for use in demanding environments
 - Provides secure support for conduit runs
-

Specifications:

- Material: Galvanised Steel
- Number of Holes: 1
- Suitable for: Surface and sub-surface locations
- Conduit Compatibility: Standard steel conduit

ETIM Class-9.0: Flush mounted box/housing (EC002601)

ETIM Features:

- Material: Steel (EV000179)

Applications:

- Suitable for use in electrical conduit installations in various environments
- Ideal for applications requiring compliance with London Underground (LU) standards and BS EN 61386-1: 2008
