

MPN: NL11612

Product Name: 12/24V DC External Fix Gate Magnetic Lock

Brand: Newlec

Category: Door Locks & Accessories

Product Description: The 12/24V DC External Fix Gate Magnetic Lock by Newlec is a robust and reliable locking solution designed for both vehicle and pedestrian gates. This surface-mounted magnetic lock is simple to install and is suitable for external use. With a holding force of up to 1200lbs, reed switch monitoring, and a weatherproof, CE marked design, it provides enhanced security for gate access control. The dual voltage (12 / 24v dc) feature, selectable on-site, ensures flexibility in installation. Additionally, the lock is monitored and features a satin anodised aluminium finish for durability and aesthetics.

Key Features:

- Ideal for vehicle and pedestrian gates
 - Surface mounted and simple to install
 - Suitable for external use
 - Up to 1200lbs holding force
 - Reed switch monitoring
 - Weatherproof, CE marked
 - Dual Voltage 12 / 24v dc, selectable on site
 - Monitored
 - Satin anodised aluminium finish
-

Specifications:

- Operating voltage: 12 / 24V DC
- Gripping force: 5337N
- Mounting method: Surface mounting
- Width: 63mm
- Height: 222mm

ETIM Class-9.0: Magnet for door locking mechanism (EC001769)

ETIM Features:

- Operating voltage (V): 24
- Gripping force (N): 5337 - 5337
- Mounting method: Surface mounting (EV000945)
- Operating voltage (V): 12 - 12
- Width (mm): 63
- Height (mm): 222

Applications:

- Ideal for use in access control systems for vehicle and pedestrian gates
- Suitable for both residential and commercial gate applications
