

MPN: NL8313/RCD

Product Name: 13A Edge White RCD Latching Slimline Curved Switched Connection Unit

Brand: Newlec

Category: White Moulded Square Edge

Product Description: The NL8313/RCD is a 13A Edge White RCD Latching Slimline Curved Switched Connection Unit designed to provide reliable and safe electrical connections. It features a sleek and modern design, making it suitable for various residential and commercial applications.

Key Features:

- Protected Fused Connection Unit
- Complies with BS 7288:1990 standards
- Colour coded terminals for easy installation
- Flush mounting for seamless integration
- Flex cable knockout on FCU for added convenience

Specifications:

- Nominal voltage (V): 240
- Rated current (A): 13

ETIM Class-9.0: Combination switch/wall socket outlet (EC000020)

ETIM Features:

- Type of switch: Other (EV000154)
- Type of socket outlet: Protective contact (type F) (EV002727)
- Method of operation: Rocker (EV006531)
- Mounting direction: Vertical (EV001302)
- Mounting method: Flush mounted (EV000383)
- Material: Plastic (EV000139)
- Surface finish: Glossy (EV006395)
- Colour: White (EV000202)
- Degree of protection (IP rating): IP2X (EV006409)

Applications:

- Suitable for residential and commercial electrical installations
- Ideal for use in white moulded square edge wiring systems
