

MPN: NL8016

Product Name: 204 x 60mm to 125mm Round In-Line White Flat Channel Duct Adaptor

Brand: Newlec

Category: Channel & Ducting Accessories

Product Description: The NL8016 is a versatile 204 x 60mm to 125mm Round In-Line White Flat Channel Duct Adaptor designed for efficient air ventilation systems. It is manufactured from high-quality, flame-retardant material and is engineered to conform to building regulations. This duct adaptor is an essential component for creating a seamless and effective ducting system.

Key Features:

- Easy to fit
- Low profile for confined areas
- Manufactured from flame retardant material
- Conforms to building regulations

Specifications:

- Size: 204 x 60mm to 125mm
- Colour: White
- Material: Flame-retardant plastic

ETIM Class-9.0: Transition piece for corner duct / installation duct (EC001948)**ETIM Features:**

- Material: Plastic (EV000139)
- Colour: White (EV000202)

Applications:

- Suitable for residential and commercial ventilation systems
- Ideal for corner duct and installation duct transitions
