

MPN: NLMDFN

Product Name: 6 x 36mm Push-In Stainless Steel Fastening Nail

Brand: Newlec

Category: Screws

Product Description: The 6 x 36mm Push-In Stainless Steel Fastening Nail by Newlec is a high-quality fastening solution designed for secure and durable installations. This stainless steel push-in fastener is ideal for various applications, offering ease of use and reliability. It features a cable tie slot in the head, making it versatile for cable management needs. Additionally, it complies with amendment 3:2015 (521200) "Wiring Systems in Escape Routes", ensuring safety and adherence to regulations.

Key Features:

- Stainless steel push-in fastener
- Simply drill 6mm hole and fix
- Capable of holding 4kg for up to 120 minutes
- 9mm cable tie slot in head
- Complies with amendment 3:2015 (521200) "Wiring Systems in Escape Routes"

Specifications:

- Diameter: 6mm
- Length: 36mm
- Head type: Rounded head
- Material: Stainless steel
- Surface protection: Untreated

ETIM Class-9.0: Nail (EC000103)**ETIM Features:**

- Diameter (mm): 6
- Length (mm): 36
- Head type: Rounded head (EV000901)
- Material: Stainless steel (EV000166)
- Surface protection: Untreated (EV006034)

Applications:

- Suitable for various fastening and cable management applications in both residential and commercial settings.
