

MPN: NLMS445

Product Name: 4.8 x 45 mm Masonry Countersunk Fixing Screw

Brand: Newlec

Category: Concrete screw

Product Description: Suitable for rapid anchoring directly into most masonry materials.

Key Features:

- No wall plug required
- Complies to amendment 3:2015 (521200) wiring systems in escape routes
- Compatible with new fire safety clips and stainless steel conduit saddles to comply with BS7671 amendment 3
- Suitable for rapid anchoring directly into most masonry materials

Specifications:

- Length: 45mm
- Material: Steel
- Head type: Other
- Screwing system: Phillips

ETIM Class-9.0: Concrete screw (EC002910)

ETIM Features:

- Length (mm): 45
- Material: Steel (EV000179)
- Head type: Other (EV000154)
- Screwing system: Phillips (EV000427)

Applications:

- Suitable for electrical and mechanical fixings in concrete and masonry substrates
- Ideal for securing electrical containment systems, cable trays, and conduit supports in masonry installations
