

MPN: NLMTB202012KX

Product Name: 200 x 200 x 120mm Light Grey Steel IP66 RAL7035 Weatherproof Junction Box

Brand: Newlec

Category: Junction Boxes Metal

Product Description: The NLMTB202012KX is a robust and weatherproof junction box designed to provide reliable protection for electrical connections in outdoor and industrial environments. Constructed from high-quality steel and featuring a durable foamed-in PU cover seal, this junction box ensures the integrity of internal components in challenging conditions. The opal polycarbonate cover allows for easy inspection while maintaining a high level of protection.

Key Features:

- Protection category IP66 for reliable weatherproofing
- Sturdy steel sheet enclosure for durability
- All-round foamed-in PU cover seal for enhanced protection
- Elegant light grey colour (RAL7035) for discreet installation

Specifications:

- Dimensions: 200 x 200 x 120mm
- Material: Steel
- Colour: RAL7035
- Protection Category: IP66

ETIM Class-9.0: Surface mounted box/housing (EC002600)

Applications:

- Suitable for outdoor and industrial applications requiring reliable and weatherproof electrical connections.
