

**MPN:** NLAV155

**Product Name:** 1.5-5mm x 6.5mm Vertical Flange Beam Clip

**Brand:** Newlec

**Category:** Girder Clips

---

**Product Description:** The NLAV155 is a vertical flange beam clip designed to provide a solid fixing to steel constructions without the need for welding or drilling. It features a Zinc/Aluminium flake coated steel body construction, ensuring durability and corrosion resistance. This beam clip is specifically designed for the suspension of chains, wires, and other similar applications.

---

**Key Features:**

- Suitable for suspension of chain, wire, etc.
  - Material finish: F8+
  - Vertical flange design
- 

**Specifications:**

- Type of fastening: Clamping
- Connection type construction part: Chain
- Flange thickness (mm): 1.5 - 5
- Material: Steel
- Surface protection: Zinc/aluminium flake coating
- Breaking load (N): 706.07

---

## **ETIM Class-9.0:** Beam clip (EC000464)

### **ETIM Features:**

- Type of fastening: Clamping (EV007463)
- Connection type construction part: Chain (EV000221)
- Flange thickness (mm): 1.5 - 5
- Material: Steel (EV000179)
- Surface protection: Zinc/aluminium flake coating (EV007200)
- Breaking load (N): 706.07

---

### **Applications:**

- Suitable for use in steel constructions requiring vertical flange beam clips for suspension purposes.
