

MPN: NLFH65

Product Name: 18mm x 12.7mm Master Beam Clamp

Brand: Newlec

Category: Girder Clips

Product Description: The NLFH65 is a master flange clamp made up of a galvanized zinc-plated steel body construction. It is designed to provide a solid fixing to steel construction without the need for welding or drilling. This beam clamp is specifically designed for use with threaded rods, offering a reliable and convenient solution for securing beams and girders.

Key Features:

- Flange clamp for use with threaded rod.
 - Movable fixing facility for easy installation and adjustment.
-

Specifications:

- Type of fastening: Screwing
- Connection type construction part: Thread
- Tube/cable diameter (mm): 12.7 - 12.7
- Material: Steel
- Surface protection: Galvanic/electrolytic zinc plated
- Breaking load (N): 441.29

ETIM Class-9.0: Beam clip (EC000464)

ETIM Features:

- Type of fastening: Screwing (EV000766)
- Connection type construction part: Thread (EV003906)
- Tube/cable diameter (mm): 12.7 - 12.7
- Material: Steel (EV000179)
- Surface protection: Galvanic/electrolytic zinc plated (EV003454)
- Breaking load (N): 441.29

Applications:

- Suitable for securing beams and girders in various construction projects.
- Ideal for applications where welding or drilling is not feasible or desired.
