

MPN: NL7080A

Product Name: 2 Gang 48mm Depth Galvanised Flush Mounting Box

Brand: Newlec

Category: Metal Back Box

Product Description: The 2 Gang 48mm Depth Galvanised Flush Mounting Box by Newlec is a high-quality metal back box designed for flush mounting applications. It provides a secure and durable solution for housing electrical switches and outlets. With a depth of 48mm, this mounting box offers ample space for wiring connections and ensures easy installation. The galvanised finish adds corrosion resistance, making it suitable for both indoor and outdoor use. This product is ideal for residential, commercial, and industrial applications.

Key Features:

- Adjustable lug for flexible installation.
- Two steel earth terminals for enhanced safety.
- With knockouts for easy cable entry and exit.

Specifications:

- Mounting method: Surface mounted
- Clamps: None
- Connection system: Screwed terminal
- Material: Metal

ETIM Class-9.0: Spray Cable connection plate (EC000450).

ETIM Features:

- Mounting method: Surface mounted (EV000384).
- Clamps: None (EV000494).
- Connection system: Screwed terminal (EV001008).
- Material: Metal (EV000914).

Applications:

- Residential buildings.
- Commercial complexes.
- Industrial facilities.
