

MPN: NLGALVPAINT

Product Name: Cold Galvanizing Spray Paint 500ml Can

Brand: Newlec

Category: Paint

Product Description: The NLGALVPAINT is a cold galvanizing spray paint designed for sealing bare steel surfaces. It is particularly useful for areas where galvanized products have been cut. This fast-drying spray paint provides a protective coating and is suitable for repainting bare metal after cutting.

Key Features:

- Cold galvanizing spray paint.
 - Used extensively for 'sealing' bare steel, especially where galvanized products have been cut.
 - *WARNING: Flammable product - COSHH restrictions apply. Safety sheet available from your local branch.
 - Fast drying.
 - CFC free.
 - Provides coverage of 1-2 square meters per can.
 - Heat resistance up to 350°C.
 - Used for repainting bare metal after cutting.
-
