

MPN: NLLRPSU

Product Name: 1.5A 13.8V DC For NLLR Range Power Supply Unit

Brand: Newlec

Category: Door Locks & Accessories

Product Description: The NLLRPSU is a power supply unit designed specifically for the Newlec door entry kits and electromagnetic locks. It provides reliable power to ensure proper functioning of these devices.

Key Features:

- Battery backup connection
- Full electronic short circuit and overload protection
- Lid open and rear anti-vandal tamper detection
- Green mains present LED
- Red fault LED
- Ideal for use with access control, intruder alert, and general security applications
- Suitable for all access control products

Specifications:

- Input Voltage: 100-240V AC
- Output Voltage: 13.8V DC
- Output Current: 1.5A
- Material: Plastic

ETIM Class-9.0: Accessories for alarm systems (EC002942)**ETIM Features:**

- Material: Plastic (EV000139)

Applications: The NLLRPSU is suitable for various applications, including:

- Door entry systems
- Electromagnetic locks
- Access control systems
- Intruder alert systems
- General security applications
