

MPN: NLEL4WHD

Product Name: 4 x 13A Unswitched Sockets 4 Meter White Trailing Socket

Brand: Newlec

Category: Trailing Sockets 13A

Product Description: The 4 x 13A Unswitched Sockets 4 Meter White Trailing Socket by Newlec is a high-quality trailing socket designed for convenient power distribution. It is ideal for use in residential, commercial, and industrial settings. This trailing socket incorporates a switch and fuse for added safety and convenience. The impact-resistant construction ensures durability and longevity. The neon indicator provides visual feedback for power status. Manufactured to BS 1363/A standards, this trailing socket guarantees reliable performance and compliance with safety regulations.

Key Features:

- Incorporates switch and fuse for enhanced safety.
 - Impact resistant for durability.
 - Neon indicator for visual power status feedback.
 - Manufactured to BS 1363/A standards.
-

Specifications:

- Housing shape: Rectangular
- Over voltage-/surge protection: No
- Nominal current (A): 13
- Material: Plastic
- Surface finish: Glossy
- Colour: White
- Length of power cord (m): 4

ETIM Class-9.0: Trailing socket (EC000330)

ETIM Features:

- Housing shape: Rectangular (EV000220)
- Over voltage-/surge protection: No
- Nominal current (A): 13
- Material: Plastic (EV000139)
- Surface finish: Glossy (EV006395)
- Colour: White (EV000202)
- Length of power cord (m): 4
- With on/off switch: Yes

Applications:

- Residential buildings
- Commercial spaces
- Industrial environments
