

MPN: NLFT

Product Name: Hollow Wall Anchor Installation Tool Cavity Fixing

Brand: Newlec

Category: Cavity Fixings

Product Description: The Newlec Cavity Fixing Installation Tool is designed for use with metal cavity fixings. It is ideal for jobs involving repetitive fixing and offers quick and simple installation of cavity fixings. The fixture can be easily removed and re-used. With no need for a screwdriver, it provides convenience and efficiency in installation.

Key Features:

- **Easy to use:** The tool is designed to be user-friendly, even for beginners. Simply insert the anchor into the tool, then insert the tool into the hole in the wall. The tool will expand the anchor, securing it in place.
- **Versatile:** The tool can be used with a variety of different anchors, making it a versatile option for a variety of applications.
- **Quick-release mechanism:** The tool features a quick-release mechanism for easy removal of the fixture.

ETIM class-9.0: Threaded anchor (EC000364)

Applications:

- Suitable for use in various applications requiring cavity fixings.
