

MPN: NLSA4

Product Name: M4 x 38mm for Plasterboard Cavity Fixing Hollow Wall Anchor

Brand: Newlec

Category: Cavity Fixings

Product Description: The M4 x 38mm for Plasterboard Cavity Fixing Hollow Wall Anchor by Newlec is a high-performance inter-set cavity fixing designed for securing heavy objects to soft-faced partition boards. It provides a reliable and sturdy solution for mounting items such as shelves, cabinets, and mirrors onto plasterboard walls. The anchor can be easily installed and removed, allowing for flexibility in repositioning or relocating fixtures. Each anchor is supplied with a screw for convenient installation. For optimal results, it is recommended to use the NLFT cavity fixing installation tool provided by Newlec.

Key Features:

- High performance inter-set cavity fixing.
- Suitable for securing heavy objects to soft-faced partition boards.
- Fixture can be removed and re-used.
- Supplied with screw for easy installation.
- Compatible with NLFT cavity fixing installation tool.

Applications:

- Ideal for mounting shelves, cabinets, mirrors, and other fixtures onto plasterboard walls in residential, commercial, and industrial settings.
