

MPN: NLCA5

Product Name: 350ml Sealant/Caulking Application Skeleton Gun

Brand: Newlec

Category: Building Tools

Product Description: The Newlec NLCA5 chemical resin applicator gun provides a strong, stress-free fix (no expansion) in block work, brick, and concrete. It also offers a solution for aged or badly weathered substrates and problem areas such as no fines concrete, with the use of mesh sleeves.

Key Features:

- Suitable for use with NLCA8, DFPPE100, and DFLN310.
- Collapsible handle for easy storage and transportation.
- Compatible with a variety of cartridges for versatile applications.
- Ergonomic handle design for comfortable use during extended periods.
- Smooth trigger for precise control of the flow of sealant or caulk.
- Precision nozzle allows for accurate application, ideal for small or delicate areas.
- Large 350ml capacity reduces the need for frequent refills, saving time and effort on large projects.
- Skeleton design makes the gun lightweight and easy to hold, enhancing user comfort.

ETIM Class-9.0: Caulking gun (EC002163)**ETIM Features:**

- Material - Metal (EV000914)
- Handle collapsible – Yes

Applications:

Suitable for various applications including sealing and caulking in construction, renovation, and maintenance projects.
