

MPN: NLSET10

Product Name: M10 Wedge Anchor Setting Tool

Brand: Newlec

Category: Cavity Fixings

Product Description: The M10 Wedge Anchor Setting Tool is designed to facilitate the installation of wedge anchors in various applications. It is specifically engineered for use with the NLW10 wedge anchor. This tool allows for easy expansion of the anchor by driving the wedge into the socket, ensuring a secure and reliable connection. The ergonomic and user-friendly design of the setting tool enhances ease of use and ensures efficient installation. With its durable construction, the M10 Wedge Anchor Setting Tool offers a long lifespan, making it a reliable choice for professionals in the construction industry.

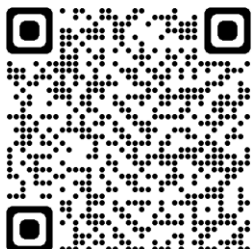

Key Features:

- After insertion of the anchor into the hole, it can be expanded by driving the wedge into the socket with the appropriate wedge setting tool.
- For use with NLW10 wedge anchor.
- Used in conjunction with wedge anchors.
- Ergonomic and user-friendly design.
- Durable construction and long lifespan.

ETIM Class-9.0: Accessories for cable carrying system (EC002935)

Applications: The M10 Wedge Anchor Setting Tool is suitable for a wide range of applications, including but not limited to:

- Construction projects
- Electrical installations
- HVAC systems
- Plumbing systems
- General building maintenance and repairs
