

MPN: NLMAS8X150

Product Name: 8.0 x 150mm Masonry Hammer Drill Bit

Brand: Newlec

Category: Drill Bits

Product Description: The 8.0 x 150mm Masonry Hammer Drill Bit by Newlec is designed for efficient drilling in various masonry materials. Its rolled flute construction ensures durability and optimal performance. The bright silver finish not only enhances its appearance but also provides rust-proof properties, ensuring longevity. With its roll forged flutes, this drill bit quickly evacuates spoil for a smooth and progressive drilling action. Additionally, the ground facet angles aid in efficient spoil removal, making it an ideal choice for masonry drilling projects.

Key Features:

- Rolled flute masonry drills for use in most masonry materials.
 - Suitable for cordless & corded drilling tools.
 - Designed for use on rotary percussion mode.
 - Optimum strength against vibration and pull-out for complete reliability,
 - Annealed after final pressing to guarantee ductility and electrolytically tin plated to avoid oxidation.
-

Specifications:

- Product Diameter: 8.0mm
- Length: 150mm
- Material: High-quality steel
- Holding system: Axle shaft

ETIM Class-9.0: Core drill bit (EC000704)**ETIM Features:**

- Nominal size (mm): 8.0
- Holding system: Axle shaft (EV003749)

Applications:

- Ideal for drilling in various masonry materials such as concrete, brick, and stone
- Suitable for construction, renovation, and DIY projects
