

MPN: NLSDS14X150

Product Name: 14.0 x 150mm SDS+ Hammer Drill Bit

Brand: Newlec

Category: Drill Bits

Product Description: The NLSDS14X150 is a premium quality SDS+ hammer drill bit designed for rapid penetration in masonry materials and concrete. With the latest carbide tip technology, it offers increased penetration and efficiency of cut. The QFDs shank design allows for rapid tool changeovers, while the optimized flute design ensures rapid spoil removal and added strength. Manufactured to established European standards and tolerances, this drill bit offers good durability. The copper brazed carbide inserts provide extreme durability, making it a reliable choice for various drilling applications.

Key Features:

- Latest carbide tip technology for increased penetration and efficiency of cut.
 - QFDs shank design for rapid tool changeovers.
 - Optimized flute design for rapid spoil removal and added strength.
 - Manufactured to established European standards and tolerances.
 - Copper brazed carbide inserts for extreme durability.
-

Specifications:

- Shaft diameter (mm): 14.0
- Total length (mm): 150
- Holding system: SDS-plus

ETIM Class-9.0: Core drill bit (EC000704)**ETIM Features:**

- Nominal size (mm): 14.0
- Holding system: SDS-plus (EV004562)

Applications:

- Masonry materials
- Concrete drilling
