

MPN: NL7040A

Product Name: Gang 48mm Depth Galvanised Flush Mounting Box

Brand: Newlec

Category: Metal Back Box

Product Description: The Gang 48mm Depth Galvanised Flush Mounting Box (MPN: NL7040A) is a high-quality metal back box designed for flush mounting applications. It is manufactured by Newlec, a trusted brand known for its reliable electrical products. This mounting box is specifically designed to provide a secure and convenient solution for housing electrical switches, sockets, and other devices.

Key Features:

- Complies with BS 4662 standards for electrical installations.
 - Adjustable lug for easy installation.
 - Two steel earth terminals for enhanced safety.
 - Equipped with knockouts for cable entry and exit points.
-

Specifications:

- Mounting method: Surface mounted
- Clamps: None
- Connection system: Screwed terminal
- Material: Metal
- Degree of protection (IP rating): IP44
- Width of device (mm): 68.3
- Height of device (mm): 68.3
- Depth of device (mm): 48

ETIM Class-9.0: Cable connection plate (EC000450)

ETIM Features:

- Mounting method: Surface mounted (EV000384)
- Clamps: None (EV000494)
- Connection system: Screwed terminal (EV001008)
- Material: Metal (EV000914)
- Degree of protection (IP rating): IP44 (EV006418)
- Width of device (mm): 68.3
- Height of device (mm): 68.3
- Depth of device (mm): 48

Applications:

- Suitable for residential, commercial, and industrial electrical installations
- Ideal for flush mounting switches, sockets, and other electrical devices.
