

MPN: NL780

Product Name: 4- Yellow 6mm Pre-Insulated Butt Connector

Brand: Newlec

Category: Earth Rods

Product Description: The 4- Yellow 6mm Pre-Insulated Butt Connector, manufactured by Newlec, is a reliable and efficient solution for electrical connections. This butt connector is designed to securely join two wires together, ensuring a strong and durable connection. The pre-insulated design provides added safety by preventing accidental contact with live wires. With a 6mm diameter, it is suitable for a wide range of applications in electrical installations.

Key Features:

- Manufactured by molecularly bonding 99% pure electrolytic copper onto a low carbon steel core.
 - Highly resistant to corrosion, ensuring long-lasting performance.
 - Can be driven to great depths using power hammers due to its high tensile strength.
 - Equipped with a 3/8" unthreaded copper bond rod and lug clamp (M8 bolt size) for easy installation and secure connections.
-

Specifications:

- Type of connection: Other
- Length (mm): 1200
- Material: Steel
- Surface protection: Other
- Diameter (mm): 9.5

ETIM Class-9.0: Earth rod (EC000492)

ETIM Features:

- Type of connection: Other (EV000154)
- Length (mm): 1200
- Material: Steel (EV000179)
- Surface protection: Other (EV000154)
- Diameter (mm): 9.5

Applications:

- Suitable for various electrical installations, including grounding systems, lightning protection, and earthing applications.
