

**MPN:** NLRS4

**Product Name:** 0.25- Red 1.5mm<sup>2</sup> Pre-Insulated Fork Terminal M4 Stud

**Brand:** Newlec

**Category:** Insulated Crimps

---

**Product Description:** The NLRS4 is a pre-insulated fork terminal designed for secure and reliable electrical connections. It is suitable for use with copper conductors and features a 1.5mm<sup>2</sup> nominal cross section. The terminal is manufactured by Newlec, a trusted brand known for its high-quality electrical products. The NLRS4 is designed to facilitate the introduction of the conductor, ensuring a quick and efficient installation process. With its PVC insulation, the terminal provides excellent electrical insulation and can withstand temperatures ranging from -20°C to +80°C. The terminal is made from electrolytic copper wire with a purity greater than 99.9%, ensuring optimal conductivity. It is also electrolytically tin-plated to prevent oxidization and annealed to guarantee optimum ductility.

---

#### Key Features:

- PVC insulation for excellent electrical insulation.
  - Temperature range: -20°C to +80°C.
  - Manufactured from electrolytic copper wire with a purity greater than 99.9%.
  - Electrolytically tin-plated to avoid oxidization.
  - Annealed to guarantee optimum ductility.
  - Facilitated introduction of the conductor.
- 

#### Specifications:

- Bolt dimension (metric): M4
- Insulation: Polyvinyl chloride (PVC)
- Colour insulation: Red
- Nominal cross section (mm<sup>2</sup>): 0.25 – 0.25
- Sleeve form: Short
- Material: Copper

---

## **ETIM Class-9.0:** Solderless copper terminals for copper conductors (EC001052)

### **ETIM Features:**

- Bolt dimension (metric): 4
- Insulation: Polyvinyl chloride (PVC) (EV000163)
- Colour insulation: Red (EV000233)
- Nominal cross section (mm<sup>2</sup>): 0.25 - 0.25
- Sleeve form: Short (EV009889)
- Material: Copper (EV000138)

---

**Applications:** The NLR54 pre-insulated fork terminal is commonly used in electrical installations where secure and reliable connections are required. It is suitable for various applications, including automotive, industrial, and residential electrical systems.
