

MPN: NLER2513N

Product Name: 13A 230V 25 Meter Extension Lead on Open Reel

Brand: Newlec

Category: Insulated Crimps

Product Description: The NLER2513N is a 13A 230V 25 Meter Extension Lead on Open Reel designed by Newlec. It is an essential tool for providing a convenient and accessible power source for devices that are located far from a wall outlet. The extension lead is built with high-quality materials to ensure durability and safety. With its thermal cut-out protection feature, it offers reliable protection against overheating. The NLER2513N comes complete with a plug, making it ready to use right out of the box. Its compact and portable design allows for easy transportation and storage. Whether you're working on a construction site or need to power outdoor equipment, this extension lead is the perfect solution.

Key Features:

- Complies with BS 61242 : 1998 standards.
- Equipped with thermal cut-out protection.
- Supplied complete with plug.
- Provides a convenient and accessible power source for devices located far from a wall outlet.

Specifications:

- Housing material: Plastic
- Core cross section (mm²): 1.25
- Number of cores: 3

ETIM Class-9.0: Cable reel (EC000191)

ETIM Features:

- Housing material: Plastic (EV000139)
- Core cross section (mm²): 1.25
- Number of cores: 3
- Cable length (m): 25
- Colour: Blue (EV000080)

Applications:

- Construction sites
- Outdoor events
- Workshops
- DIY projects
- Industrial settings
