

**MPN:** NLPBFIT63508

**Product Name:** 6.35 x 0.8mm Blue 1.5-2.5mm<sup>2</sup> Fully Insulated Disconnect Terminal

**Brand:** Newlec

**Category:** Insulated Crimps

---

**Product Description:** The 6.35 x 0.8mm Blue 1.5-2.5mm<sup>2</sup> Fully Insulated Disconnect Terminal is a high-quality electrical connector designed for secure and reliable connections. It is suitable for various applications that require a fully insulated disconnect terminal. This terminal is manufactured by Newlec, a trusted brand known for its exceptional electrical products.

---

#### Key Features:

- Insulation sleeve in Polycarbonate for enhanced durability and protection.
  - Wide temperature range of -20°C to +115°C for versatile usage.
  - Manufactured from Brass Strip with a purity greater than 99.9% for excellent conductivity.
  - Electrolytically tin-plated to avoid oxidization and ensure long-lasting performance.
  - Halogen-free construction for safety and environmental friendliness.
  - Facilitated introduction of the conductor for easy installation.
- 

#### Specifications:

- Insulation: Polyvinyl chloride (PVC)
- Colour insulation: Blue
- Nominal cross-section (mm<sup>2</sup>): 1.5 - 1.5
- Sleeve form: Short

---

**ETIM Class-9.0:** Solderless copper terminals for copper conductors (EC001052).

**ETIM Features:**

- Insulation: Polyvinyl chloride (PVC) (EV000163)
- Colour insulation: Blue (EV000080)
- Nominal cross-section (mm<sup>2</sup>): 1.5 - 1.5
- Sleeve form: Short (EV009889)
- Suitable for round conductors: Yes
- Material: Copper (EV000138)

---

**Applications:**

- This fully insulated disconnect terminal is suitable for a wide range of applications, including electrical installations, automotive wiring, industrial machinery, and more. It provides a reliable and secure connection for various electrical conductors.
