

MPN: NLTFY818

Product Name: Yellow 8 x 1.8mm End Sleeve Twin Entry Insulated Bootlace Ferrule End Sleeve For 2 x 1 mm² Diameter Cables

Brand: Newlec

Category: Insulated Crimps

Product Description: The Yellow 8 x 1.8mm End Sleeve Twin Entry Insulated Bootlace Ferrule End Sleeve is designed for use with 2 x 1 mm² diameter cables. It provides a secure and reliable connection for fine stranded conductors. The ferrule is made of high-quality copper, annealed to guarantee optimum ductility. It is electrolytically tin-plated to avoid oxidization and ensure long-lasting performance. The polypropylene insulation offers excellent electrical insulation properties. The ferrule is halogen-free and can withstand temperatures ranging from -20°C to +115°C.

Key Features:

- Polypropylene insulation for excellent electrical insulation properties.
 - Annealed copper for optimum ductility.
 - Electrolytically tin-plated to avoid oxidization.
 - Halogen-free for enhanced safety.
 - Temperature range: -20°C to +115°C.
 - Suitable for fine stranded conductors.
-

Specifications:

- Construction type: Twin cable end sleeve
- Nominal cross section (mm²): 1
- Sleeve length (mm): 8
- Colour: Yellow

ETIM Class-9.0: Cable end sleeve (EC000005)

ETIM Features:

- Construction type: Twin cable end sleeve (EV010193)
- Nominal cross section (mm²): 1
- Sleeve length (mm): 8
- Colour: Yellow (EV000234)
- Material: Copper (EV000138)
- Surface protection: Tinned (EV001481)
- Material insulation: Polypropylene (PP) (EV001608)
- AWG size: Other (EV000154)

Applications:

- Electrical installations
- Industrial wiring
- Panel building
- Control cabinets
- Automation systems
