

MPN: NLTBFB815

Product Name: Blue 8 x 1.5mm End Sleeve Twin Entry Insulated Bootlace Ferrule End Sleeve For 2 x 0.75mm² Diameter Cables

Brand: Newlec

Category: Insulated Crimps

Product Description: The Blue 8 x 1.5mm End Sleeve Twin Entry Insulated Bootlace Ferrule End Sleeve is designed for use with 2 x 0.75mm² diameter cables. It provides a secure and reliable connection for fine stranded conductors. The ferrule is made of high-quality copper, annealed to guarantee optimum ductility. It is electrolytically tin-plated to avoid oxidization and ensure long-lasting performance. The polypropylene insulation offers excellent electrical insulation properties. The ferrule is halogen-free and can withstand temperatures ranging from -20°C to +115°C.

Key Features:

- Polypropylene insulation for excellent electrical insulation properties.
- Annealed copper construction for optimum ductility.
- Electrolytically tin-plated to avoid oxidization.
- Halogen-free for enhanced safety.
- Temperature range: -20°C to +115°C.
- Suitable for fine stranded conductors.

Specifications:

- Construction type: Twin cable end sleeve
- Nominal cross section (mm²): 0.75
- Sleeve length (mm): 8
- Colour: Blue

ETIM Class-9.0: Cable end sleeve (EC000005)

ETIM Features:

- Construction type: Twin cable end sleeve (EV010193)
- Nominal cross section (mm²): 0.75
- Sleeve length (mm): 8
- Colour: Blue (EV000080)
- Material: Copper (EV000138)
- Surface protection: Tinned (EV001481)
- Material insulation: Polypropylene (PP) (EV001608)

Applications:

- Suitable for various electrical applications requiring secure connections with fine stranded conductors.
