

**MPN:** NLS4320AN

**Product Name:** M4 Brass Full Hexagon Nut

**Brand:** Newlec

**Category:** Bolts & Nuts

---

**Product Description:** The M4 Brass Full Hexagon Nut is a high-quality nut manufactured by Newlec. It is designed to securely fasten screws and bolts together. This nut is made of brass, which provides excellent corrosion resistance and durability. The M4 size makes it suitable for various applications where a reliable and sturdy connection is required.

---

#### Key Features:

- **Hexagonal Full Nut:** The M4 Brass Full Hexagon Nut features a hexagonal shape, allowing for easy installation and removal using a standard wrench or spanner.
  - **Reliable Fastening:** This nut ensures a secure and tight connection between screws and bolts, preventing loosening or disassembly during operation.
  - **Brass Construction:** Made from high-quality brass material, this nut offers excellent resistance to corrosion, making it suitable for both indoor and outdoor applications.
  - **Versatile Application:** The M4 Brass Full Hexagon Nut is suitable for a wide range of applications, including machinery, automotive, construction, and electrical installations.
- 

#### Specifications:

- **Size:** M4
- **Material:** Brass
- **Finish:** Natural
- **Thread Type:** Metric
- **Thread Pitch:** 0.7mm
- **Height:** 4mm
- **Width Across Flats:** 7mm
