

MPN: NLS4428EN

Product Name: No8 x 2 Inch Round Head Pozi Drive Twin Thread Bright Zinc Plated Woodscrew

Brand: Newlec

Category: Screws

Product Description: The No8 x 2 Inch Round Head Pozi Drive Twin Thread Bright Zinc Plated Woodscrew is a versatile screw designed for various applications. It features a twin thread that provides excellent holding and fast driving into materials such as chipboard. The screw is through hardened and bright zinc plated, ensuring durability and corrosion resistance. The round head design makes it ideal for electrical installations. With its excellent holding power and fast driving capability, this woodscrew is a reliable choice for a wide range of projects.

Key Features:

- Twin thread provides excellent holding and fast driving into a variety of materials such as chipboard.
- Through hardened and bright zinc plated for durability and corrosion resistance.
- Roundhead design ideal for electrical installations.
- Provides excellent holding power and fast driving capability.

ETIM Class-9.0: Wood / chipboard screw (EC002385)

ETIM Features:

- Material: Steel (EV000179)

Applications:

- Electrical installations
- Woodworking projects
- Construction projects
- DIY projects
