

MPN: NLS4305CN

Product Name: No8 x 1 Inch Self Tapping Pan Head Pozidrive Self Tapping Screw

Brand: Newlec

Category: Screws

Product Description: The Newlec No8 x 1 Inch Self Tapping Pan Head Pozidrive Self Tapping Screw is a versatile and durable screw that is perfect for a wide range of applications. It is made of high-quality steel and is hardened, and bright zinc plated for corrosion resistance. The screw has a sharp point and twin cutting edges that make it easy to drill into and tap threads into a variety of materials, including metal, wood, and plastic. The pan head provides a flush finish, and the Pozidrive recess allows for a secure and easy drive.

Key Features:

- Self-tapping design for easy installation.
- Hardened and bright zinc plated.
- Fully threaded.
- Made of high-quality steel.
- Pozidrive recess for a secure and easy drive.
- Secure and durable.

Specifications:

- Material: Steel (EV000179)
- Surface protection: Galvanic/electrolytic zinc plated (EV003454)
- Length (mm): 25.4

ETIM class: Self drilling tapping screw (EC002341)

ETIM features:

- Material: Steel (EV000179)
- Surface protection: Galvanic/electrolytic zinc plated (EV003454)
- Length (mm): 25.4
- Head type: Other (EV000154)
- Screwing system: Other (EV000154)

Applications:

- Suitable for various applications including construction, woodworking, and DIY projects
