

MPN: NLCOMFC

Product Name: 2 Speed Reversing Controller Commercial Axial Wall Fan

Brand: Newlec

Category: Controllers & Accessories

Product Description: The 2 Speed Reversing Controller Commercial Axial Wall Fan by Newlec is a high-quality controller designed for commercial applications. It is specifically designed to provide efficient and reliable control for axial wall fans. With its two-speed control feature, it allows users to adjust the fan speed according to their specific needs. The controller is CE marked, ensuring compliance with all relevant EEC standards. It is IP44 rated, making it suitable for use in environments where moisture and dust may be present. The controller is constructed with impact-resistant high gloss ABS material, providing strength and durability. It can be easily mounted on panels, walls, or windows, offering flexibility in installation. The 2 Speed Reversing Controller Commercial Axial Wall Fan delivers superior airflow, ensuring effective ventilation in commercial spaces.

Key Features:

- CE marked in accordance with all the relevant EEC standards.
- IP44 rated for protection against moisture and dust.
- Impact resistant high gloss ABS construction for strength and durability.
- Suitable for panel, wall, or window mounting.
- Superior airflow for effective ventilation.
- Two-speed control for adjustable fan speed.

ETIM Class-9.0: Accessories for ventilator (EC011606)

ETIM Features:

- Type of mechanical accessory: Other (EV000154)

Applications: The 2 Speed Reversing Controller Commercial Axial Wall Fan is ideal for use in various commercial applications, including offices, retail spaces, restaurants, warehouses, and more. It provides efficient and reliable control for axial wall fans, ensuring optimal ventilation and air circulation in these environments.
