

MPN: NLEB6

Product Name: M6 Shield Anchor Eye Bolt

Brand: Newlec

Category: Bolts & Nuts

Product Description: The M6 Shield Anchor Eye Bolt by Newlec is a versatile fastening solution suitable for use in concrete, brickwork, and stone. It is designed for permanent anchorage, making it ideal for securing guy ropes, stays, and cables.

Key Features:

- High-strength steel construction ensures durability and reliability.
 - Galvanic/electrolytic zinc plating provides excellent corrosion resistance.
 - Metric thread size of 6 for compatibility with various applications.
 - Designed as a fixed eye bolt, providing stability and security.
-

Specifications:

- Material: Steel
- Surface protection: Galvanic/electrolytic zinc plated
- Thread size (metric): 6
- Thread type: Metric
- Swivelling: No

ETIM Class: Eye bolt (EC002367)

ETIM Features:

- Material: Steel (EV000179)
- Surface protection: Galvanic/electrolytic zinc plated (EV003454)
- Thread size (metric): 6
- Thread type: Metric (EV003712)
- Swivelling: No

Applications:

- Suitable for use in concrete, brickwork, and stone.
- Ideal for permanent anchorage, securing guy ropes, stays, and cables.
