

MPN: NLSDS5X160

Product Name: 5.0 x 160mm SDS+ Hammer Drill Bit

Brand: Newlec

Category: Drill Bits

Product Description: The NLSDS5X160 is a premium quality SDS+ hammer drill bit designed for rapid penetration in masonry materials and concrete. With its latest carbide tip technology, it offers increased penetration and efficiency of cut. The QFDs shank design allows for rapid tool changeovers, while the optimised flute design ensures rapid spoil removal and added strength. Manufactured to established European standards and tolerances, this drill bit offers good durability and features copper brazed carbide inserts for extreme durability.

Key Features:

- Latest carbide tip technology for increased penetration and efficiency of cut.
 - QFDs shank design for rapid tool changeovers.
 - Optimised flute design for rapid spoil removal and added strength.
 - Manufactured to established European standards and tolerances.
 - Good durability.
 - Copper brazed carbide inserts for extreme durability.
-

Specifications:

- Nominal size: 5.0mm.
- Length: 160mm.
- Holding system: SDS-plus.

ETIM Class-9.0: Core drill bit (EC000704)

ETIM Features:

- Nominal size (mm): 5.
- Holding system: SDS-plus (EV004562).

Applications:

- Masonry materials.
- Concrete.
