

MPN: NLECS1011

Product Name: 2-4mm x 10-11mm Edge Beam Clip

Brand: Newlec

Category: Girder Clips

Product Description: The Newlec Edge Beam Clip is a cable clamp made up of galvanized zinc-plated steel material. It is specifically designed for running cables along the edge of steelwork. This clip provides a secure and efficient solution for cable management in industrial and commercial applications.

Key Features:

- Designed for running cables along the edge of steelwork.
 - Load rating expressed as a maximum static load limit.
 - Revolutionary Z600+ coating for superior corrosion protection.
 - Quick fixing for easy installation and maintenance.
-

Specifications:

- Type of fastening: Edge clip
- Connection type construction part: Pipe/cable
- Flange thickness (mm): 2 - 4
- Tube/cable diameter (mm): 10 - 11
- Material: Steel
- Surface protection: Galvanic/electrolytic zinc plated

ETIM Class-9.0: Beam clip (EC000464)

ETIM Features:

- Type of fastening: Edge clip (EV009862)
 - Connection type construction part: Pipe/cable (EV007675)
 - Flange thickness (mm): 2 - 4
 - Tube/cable diameter (mm): 10 - 11
 - Material: Steel (EV000179)
 - Surface protection: Galvanic/electrolytic zinc plated (EV003454)
-

Applications:

- Industrial and commercial cable management
- Electrical installations on steel structures
- Construction projects requiring secure cable routing along steelwork
