

MPN: NLS1132C

Product Name: 2P+E 32A 110V IP44 Yellow Female Screw Industrial Power Connector

Brand: Newlec

Category: Trailing Sockets IP44

Product Description: The NLS1132C is a high-quality industrial power connector designed to provide a reliable connection to the main power supply. It is specifically rated for higher voltages and currents than standard household plugs and sockets. With its durable construction and advanced features, this power connector is ideal for industrial applications.

Key Features:

- One piece body with multi grip gland for secure and easy installation.
- Screw terminals for convenient and reliable wiring.
- IP44 rated for protection against dust and water ingress.

Specifications:

- Amperage (A): 32
- Number of poles: 2
- Voltage (V): 110
- Degree of protection (IP rating): IP44

ETIM Class-9.0: Socket/plug for high voltage (EC001322)

ETIM Features:

- Amperage (A): 32
- Number of poles: 2
- Voltage (V): 110
- Degree of protection (IP rating): IP44 (EV006418)

Applications:

- Industrial power supply connections
- Construction sites
- Outdoor events
- Temporary power installations
