

MPN: NLMG4032A

Product Name: 40-32mm Steel Complete With Nuts Threaded Reducer

Brand: Newlec

Category: Glands

Product Description: Newlec steel adaptors and reducers provide an effective method of connection between dissimilar threads or sizes. Reducers reduce the thread entry diameter of an enclosure to accept a gland or fitting with a smaller or alternative thread. It should be noted that no more than one adaptor or reducer should be used at any one time.

Key Features:

- Increased safety as standard – ATEX.
- Material: Brass BS 2874 :1985 CZ121.
- For use with Cable.
- 40-32mm: The reducer is designed to connect pipes with a 40mm outer diameter to pipes with a 32mm outer diameter.
- Reduces the size of tubing or pipe from 40mm to 32mm.
- Made from high-quality steel for durability.

ETIM Class-9.0: Cable gland (EC000441)**ETIM Features:**

- Thread type: Metric (EV003712)
- Nominal thread size metric/PG: 40

Applications:

- Suitable for various cable management applications where a reduction in thread size is required.
