

MPN: NL24HRST1

Product Name: 13A Mechanical 24-Hour Plug-In Time Clock

Brand: Newlec

Category: LED Control Gear

Product Description: The NL24HRST1 is a plug-in time clock designed to conveniently switch appliances on/off at pre-set times. It offers a compact design and is suitable for a wide range of applications.

Key Features:

- Compact design for easy installation.
 - Up to 24 on/off programmes per day.
 - Easy-to-use segment setting dial.
 - Suitable for 13A (3kW) appliances, filament lamps up to 400W, and 100W low energy/fluorescent lighting.
-

Specifications:

- Number of module spaces (modular system): 1
- Type of fastening: Engage (snap)
- Colour: White
- Shortest switching interval (min): 15

ETIM Class-9.0: Programmable time switch (EC001594)

ETIM Features:

- Number of module spaces (modular system): 1
- Type of fastening: Engage (snap) (EV009216)
- Colour: White (EV000202)
- Shortest switching interval (min): 15
- Power reserve (h): 24
- Nominal voltage (V): 240
- Rated current (A): 13
- Max. power (W): 400
- Model: Mechanical (EV000147)

Applications:

- Suitable for residential and commercial lighting control.
- Ideal for automating the operation of appliances and lighting in homes, offices, and other settings.
