

**MPN:** NL80032

**Product Name:** 60-125mm Range BZP Ducting Worm Drive Hose Clip

**Brand:** Newlec

**Category:** Channel & Ducting Accessories

---

**Product Description:** The NL80032 is an adjustable hose clip designed specifically for use with a whole house mechanical extract ventilation (MEV) system. It is designed to aid both the ventilation of specific wet areas and the discharging of already gathered wet polluted air. The hose clip has a diameter ranging from 60mm to 125mm, making it suitable for various ducting sizes.

---

**Key Features:**

- Strong and durable material ensures long-lasting performance.
  - Keeps ducting securely in place for effective ventilation.
  - Compatible with NLWHV (Newlec Whole House Ventilation) system.
  - Can be used with a variety of ventilation systems, including cooker hoods, extractor fans, and air conditioners.
- 

**Specifications:**

- Diameter Range: 60mm - 125mm.
- Material: BZP (Bright Zinc Plated).

**Applications:**

- Suitable for use in whole house mechanical extract ventilation (MEV) systems.
- Ideal for ventilation of specific wet areas such as bathrooms, kitchens, and utility rooms.
- Can be used in conjunction with cooker hoods, extractor fans, and air conditioners for effective air circulation and pollutant removal.
