

MPN: NLMG1000

Product Name: 1 Litre Waterproofing Gel Re-Enterable 2 Part Mix Kit IP68

Brand: Newlec

Category: Cable Installation Accessories

Product Description: The NLMG1000 is a two-component gel potting compound designed for cable installation applications. It is manufactured in accordance with EN 50393 and CEI 20-33 standards, ensuring high-quality performance. This gel potting compound is fire retardant according to IEC 332-1 and CEI 20-33, making it suitable for use in demanding environments. Notably, it has been tested under water head and water between the cable cores, ensuring its reliability in wet conditions.

Key Features:

- Two-component gel potting compound.
 - Re-enterable for easy maintenance and modifications.
 - Non-toxic and safe for handling.
 - Fast cross-linking for efficient installation.
 - Provides excellent protection against moisture and environmental factors.
-

Specifications:

- Product Type: Gel potting compound.
- Volume: 1 Litre.
- IP Rating: IP68 (dust-tight and protected against immersion in water up to a depth of 1 meter).
- Compliance: EN 50393, CEI 20-33, IEC 332-1.

Applications:

- Cable installation and protection.
- Suitable for use in wet and demanding environments.
- Ideal for applications requiring re-enterability and fast cross-linking.
